

Leonardo Albornoz

Full-stack Software Developer

I am a motivated full-stack web developer with a proven track record of working with tech and software development teams using agile and scrum methodologies. Proficient in multiple languages and libraries for both front-end and back-end. I love learning new things.

EDUCATION

Computer Science Engineer

Dr. Rafael Belloso Chacin University

09/2016 - 12/2018

Maracaibo-Venezuela

Courses

- Java Development Program

WORK EXPERIENCE

Freelance work

MICROVERSE

10/2021 - 06/2022

Projects

- **RentUrTech: React | Redux | SASS | Jest** | The main goal of this project is to provide users with an environment to reserve a specific product for a set amount of time. [Live Version](#) - [Source Code](#)
- **Budget App: Ruby on Rails | SASS | Bootstrap** | When users are logged in they can create groups of transactions and see the total amount. [Live Version](#) - [Source Code](#)

Mentor (Volunteer)

MICROVERSE

11/2021 - Present

a fully remote and global company, with team members across 20+ countries, who come together to make an impact through education.

Achievements/Tasks

- I mentor 4 junior web developers, providing technical support through code reviews.
- I propose improvements to code organization to improve code quality and overall performance.
- I provided advice and tips on how to maintain motivation to maintain longevity in the program.

CERTIFICATES

Microverse Full-stack Software Development Program (11/2021 - 06/2022)

Spent 1300+ hours mastering algorithms, data structures, and full-stack development while simultaneously developing projects with Ruby, Rails, JavaScript, React, and Redux. Developed skills in remote pair-programming using GitHub, industry-standard git-flow, and daily stand-ups to communicate and collaborate with international remote developers. Developed good communication skills by holding daily stand-ups and weekly retrospective team meetings.
